ECONOMIC ISSUES

Accelerating the regional integration process

9. The Authority, having considered the modalities for implementing the strategy for accelerating the regional integration process, with a view to establishing a single economic zone, decided to establish, within the shortest possible time, a customs union in ECOWAS, based on the lowest existing common external tariff in the sub-region which ranges from 20% to 0%, depending on the type of product, and on the progressive removal of all tariff barriers to intra-Community trade. To this end, the Authority directed the ECOWAS Executive Secretariat to carry out a study immediately on the impact of such lower tariffs on the public finance, economies and enterprises in the member countries. The Authority also appealed to West African development partners, particularly the IMF, the World Bank and the European Union, to provide the assistance needed to carry out the studies, and to cover the costs of any budgetary and economic adjustment measures that may be necessary.
10. The Authority stressed that efforts to strengthen the political and economic dimension of integration should be accompanied by actions and measures that would consolidate the achievements of ECOWAS. The Authority directed the Executive Secretary to determine and propose specific actions to support the socio-economic development of the Community's island and landlocked countries of Cape Verde, Burkina Faso, Mali and Niger.

Monetary cooperation programme

11. The Authority expressed satisfaction at the progress made in the monetary integration process since the last Summit held in Lome in December 1999, as

witnessed by the adoption of the statutes of the second ECOWAS monetary zone and the statutes of the common Central Bank. It urged the countries concerned to intensify their efforts to achieve convergence of their macro-economic policies, with a view to facilitating the merger with the CFA monetary zone and creating a single ECOWAS monetary zone in 2004.

12. While welcoming the creation of a second monetary zone, the Authority urged the Convergence Council to reflect on whether it would be cost-effective to introduce, in the second monetary zone, a currency destined to circulate for only two years.
13. The Authority requested the Committee of Governors of Central Banks to revisit the issue of the ECOWAS exchange rate mechanism so as to enhance the practical modalities of implementing it.

ECOWAS Passport

14. The Executive Secretary officially presented prototypes of the ECOWAS passport to the Heads of State. The Authority called on all Member States to take appropriate measures to put the passport into circulation as quickly as possible.

Human resource development

15. The Authority expressed concern over malaria and HIV which are wreaking havoc on our populations, and urged States to take all necessary measures to implement the HIV and Malaria Control Strategies adopted by the OAU and ECOWAS Ministers of Health. The Authority issued an urgent appeal to pharmaceutical laboratories and the international community to make drugs available to our populations at affordable prices.
16. Recognising that today's children are tomorrow's leaders, Heads of State and Government undertook to combat all forms of violence of which they are victim, such as physical abuse, child trafficking and slavery, conscription into armed groups. They called on Member States to ratify the statutes of the International Criminal Court and to prosecute those guilty of recruiting and using children in armed conflict.

Management of water resources

17. Concerned at the fact that, despite possessing an enormous potential, West Africa suffers from acute shortage of water which affects its social and economic development, the Authority adopted a Regional Action Plan for integrated Management of Water Resources. This regional plan seeks to establish a coherent framework for coordination and harmonisation of the water resource management plans, programmes and strategies of all ECOWAS Member States.

INSTITUTIONAL MATTERS**(i) Strengthening Community Institutions**

18. In the hope of ensuring better monitoring of community programmes and improving communications between its institutions and Member States, the Authority directed the Executive Secretary to study the possibility of appointing representatives of the Secretariat in each Member State.
19. Within the context of the restructuring of the Institutions and measures to improve their efficiency, the Authority directed the Executive Secretariat to present a detailed report at its next session. The report should set out the total amount spent on staff expenses in the Community institutions and the share of this item in the overall budget.

REGIONAL PEACE AND SECURITY**Guinea, Sierra Leone, Liberia**

24. In view of the deterioration in the climate of peace and security between Guinea, Liberia and Sierra Leone, the Summit of Heads of State and Government held in-depth discussions on the issue. The Summit took due note of the undertaking by Guinea, Liberia and Sierra Leone that:

- (i) each of the countries will do all in its power to ensure that the national territory is not used by national or foreign armed individuals to prepare and perpetrate attacks on neighbouring countries

- ii) each country undertakes to disarm any irregular armed groups present in its territory.

Heads of State and Government called on the parties concerned to fully comply with the provisions of the cease-fire agreement signed in Abuja on 10th November, 2000. They urged ECOWAS Member States, the OAU and the international community to contribute troops to UNAMSIL to enable it carry out its mission successfully.

Côte d'Ivoire

26. The Authority commended the efforts of the OAU Committee of Ten on Côte d'Ivoire, which is a clear demonstration of the desire of the whole continent to promote peace, security and democracy in a Member State. The Authority urged the Ivorian authorities to promote dialogue and reconciliation so as to ensure the effective participation of all Ivoiriens in the democratic process in Côte d'Ivoire
27. In view of the grave situation, the Authority mandated the current Chairman to send a delegation of members of the ECOWAS Mediation and Security Council to Abidjan as soon as possible.

28. The Authority also condemned the loss of human lives and wanton destruction of property that followed the presidential election held in November 2000. It stressed the need for an international commission of inquiry into the killings that took place, with a view to identifying those responsible for the massacres.

Senegal

29. The Authority of Heads of State and Government commended His Excellency, Abdoulaye Wade, President of the Republic of Senegal, for his recent peace moves in initiating dialogue with the separatist fighters in Casamance. The Authority called on all ECOWAS Member States, particularly the neighbouring States, to uphold the peace process in Senegal.

Guinea Bissau

30. The Authority, reaffirming its commitment to the ECOWAS Declaration of Political Principles, strongly condemned the attempt to overthrow the democratically elected government of Guinea Bissau, and insisted on the need to respect constitutional order and the rule of law in order to strengthen the democratic process in that country. It also stressed the need for national reconciliation, as set out in the Abuja Agreement. To this end, the Authority urged the Government of Guinea Bissau to look into the issue of the status of former President Joao Bernardo VIEIRA, and to accord him the privileges due by virtue of that status.
31. The Authority, aware of the crucial importance of putting the Guinea Bissau economy back on track after several months of conflict, requested the donor community to, particularly the Bretton Wood institutions, lend immediate technical and financial assistance to Guinea Bissau.

They encouraged the ECOWAS Executive Secretariat to resume cooperation with the ADB and to pursue efforts aimed at extending cooperation to other partners, in particular, the Scandinavian and Arab countries

ISSUES FOR FURTHER STUDY

33. The Authority underscored the need to intensify regional cooperation and integration efforts. To this end, it directed the Executive Secretariat to organise consultations on the measure ECOWAS could take in order to carry out its mission successfully. The consultations should cover the following issues:
- i) practising bilingualism with Community Institutions;
 - ii) establishment of an ECOWAS Police Force to combat insecurity and trans-border crimes;
 - iii) rotation of the post of Chairman of ECOWAS among Member States;
